इनरव्हील प्रार्थना

मित्रभाव के सत्य अर्थ को हम सब में, हे ईश्वर भर दो ।
हम सब ही हैं तेरे बालक भूलें ना यह इतना कर दो ॥
धर्म और संस्कृति भेदों को मन में नहीं स्थान रहे ॥
सभी मानवों की सेवा का हमें सदा ध्यान रहे ॥
आवश्यकता हमें मददकी हो सकती है याद रहे ॥
सेवा करने की जरूरतें जब कहीं भी आन पड़ें ॥
सेवा करने की सब जन की तत्पर हम सब डटे रहें ॥
इनरव्हील की शान बढ़ायें यह वर हमें प्रदान करो ॥
मानव जीवन व्यर्थ न जाये प्रभु यह कृपा प्रदान करो ॥

From the Desk of IW President

Dear Friends,

Inner Wheel was officially born in 1924 – and its centennial anniversary is rapidly approaching – thanks to the initiative of a group of ladies who met at the Turkish Baths in Manchester and gave start to one of the most important volunteering Organisations in the world. Since that inaugural date, IW has been tirelessly working in favor of needy human beings, mainly girls, young and old women.

The UN's 4th World Conference on Women held in Beijing, China, in 1995 has brought steps forward in some areas of women's and girls' lives but poverty, discrimination and violence are still strongly present in their lives. The UN 2030 Agenda clearly states that gender equality and the empowerment of all women and girls is the catalyst for the achievement of all sustainable development goals.

The Under-Secretary-General and UN Women Executive Director Phumzile Mlambo Ngcuka declared that "One half is an equal share and only equal is enough".

Women helping women, then, is the orientation of my IW's Presidential Theme 2021-2022 "PINK FIRST". I'd like to share with you some ideas on how we, Inner Wheel members, can give our valuable contribution to achieve more just and equal societies.

There will be four areas of attention: Health; Education; Opportunity; Empowerment. Health focus will be centered mainly on extending healthy life expectancy and ending gender-based violence.

Education focus can leverage on inclusiveness and quality education: improving female literacy rate expands their employment outcomes, decreases the number of early marriages and improves their health and well-being. Another field of action will be harnessing new technologies for digital gender equality and enhancing Science Technology Electronics Mathematics (STEM) studies for women. Opportunity will focus on:

increasing women participation in labor force, helping them to get a job or starting a business; recognizing and valuing unpaid care and domestic work by providing public services, infrastructures and social protection policies as nationally appropriate; asking for wage equality;

striving for ending of occupational segregation. Women empowerment can be done through: Ensuring women's participation and equal opportunities for leadership at all levels of decision-making in political, economic and public life Encouraging women to take decisions on their own health care, own earnings and investments; Improving financial inclusion and economic awareness; Supporting women's movements and leadership. I trust in all and each of us to give our contribution to the promotion of women's rights, to help women reach gender equality and to fill the gap, through True Friendship, encouraging the ideals of Personal Service, and fostering International Understanding.

Thank you for your contribution.

In Inner Wheel and personal friendship

From the Desk of Association President

Dear Friends,

I am deeply honored and humbled to be the 46th Association President as we celebrate our 97th Anniversary of Inner Wheel. It is a tribute to the hundreds of Past Champions who came before us, and it is for us now to ensure that Inner Wheel keeps its charisma intact in the years to come.

"Individual commitment to a group effort-that is what makes a team work, an organisation work, a society work, and a civilization work."- Vince Lombardi

I would like to congratulate the District Chairman and Executive Committee members for taking up prestigious leadership positions in the District. This, not only demonstrates your commitment to contributing towards the upliftment of your District but also indicates your peers respect and belief in you as a leader. With an inspiring past and strong present, it is for you all to continue to your District's success and march to brighter tomorrows.

Ours is the largest woman's organization in the world and it is time for us to take a lead in creating a platform for women Entrepreneurs who will mark a difference in the bizz world with their innovation, dedication and passion . I believe in this age of cut throat competition, creating an interface for women led startups is of prime importance where they can find all the knowledge and opportunities to help them with various government schemes, creating a bridge between startups and investors, mentoring by well-established entrepreneurs and others.

This year's IIW theme, "**PINK FIRST** " defines the message: 'Equality and Empowerment for women'. We will extensively work on gender equality, equal opportunities at workplace, skilling of rural women, E- education for girls, eradication of social stigmas towards women which are essential for the economic and social development of a country and a stronger world.

"The most courageous act is still to think for yourself. Aloud." – Coco Chanel

"IIW's influence on the hearts of the people of the world depends on the service we do and the number of communities that we serve." Let us continue to expand our reach to needy and celebrate Inner Wheel by sharing our motto of Friendship and Service with our friends, family, and community. It is a message that will endure for centuries to come.

This is the year for the prestigious 16th Triennial Conference –ENVISION2k22 Think - Implement - Achieve with an unmatched class, supreme perfection and as an unparalleled event. It is your event, it is your responsibility to make it an unforgettable experience with huge participation of members.

"Perfection is not attainable, but if we chase perfection we can catch excellence."

I believe with our pro-active initiatives, hard and committed working team and support from members, the curve of IIW graph will escalate in upward direction exponentially.

It is not enough to tell the world that we exist. Let the world know us by our performance that we excel in what we do. Let us do the things our way, the way that leads to excellence.

Lets contribute to make this year - A year of Success, a year of Prosperity, a year of Satisfaction.

***Love and Best wishes

From the Desk of National Editor

Dear Inner Wheel friends,

Leader changes but leadership continues. Every year in July Inner Wheel Baton of leadership is passed on at all levels.

I congratulate 'Pink First' team 2021-22 for taking up the leadership. District Chairman, Executive Committee, and all the members of the district. Pink first represents Women for Women. This year Association President-Saroj Ji has given Projects about SHEROS and she emphasizes Sthree Shakthi. Let's all work together to make this year a grand success.

Inner Wheel is an international women's organization based on the motto of Friendship and Service. More than this is one thing that we all need to understand: basic humanity, which is to be built and rebuilt in ourselves. It can be achieved by 'true giving' for the sake of peace and oneness we exhibit for others. Let us change our thinking by choosing to make a difference in the lives of others. Let our service bring joy, a spark of hope in the life of the needy, and let us find satisfaction and contentment through the joy of 'real giving'.

Enjoy friendship...enjoy Inner Wheel.. Enjoy every moment

Yours in friendship

“They keep saying that beautiful is something a girl needs to be. But honestly? Forget that. Don’t be beautiful. Be angry, be intelligent, be witty, be klutzy, be interesting, be funny, be adventurous, be crazy, be talented – there is an entire eternity of other things to be other than beautiful. And what is beautiful anyway, but a set of letters strung together to make a word? Be your own definition of amazing, always. They is so much more important than anything beautiful, ever”- Nikita Gill

Greetings to all my Inner Wheel Friends.

It gives me immense pleasure to welcome you all. With the onset of the new Inner Wheel year, I am positive that each one of you must be excited, nervous but above all rekindled with the spirit to serve society to the best of your capabilities.

I know that the world is going through a lot of uncertainties and our lives have been altered but none of this should hamper our goal to create a society that values friendship and humanity. With “Pink First” being our theme for the year, let us give our all to amplify the voices of women who have been shunned because of patriarchy and other ills of society. Let us all take steps, even if those are small ones to build a society that is more equal and just towards each individual. We all know together we can do much and alone we can do so little, so let us not forget that apart from being a team, we are also a family striving towards common goals.

As the new year begins for the organization, I wish that each one of you has a year full of learning and growth. Remember to work not because you have to but because you want to; love what you do and see how the thing turns out to be better than expected.

Here’s to a year full of learning, relearning, opportunities, challenges, and growth. Wishing you the very best for a tremendous year ahead.

Take Care & Stay Safe

Yours in Inner Wheel Friendship

Editorial

Welcome to the 1st edition of the Newsletter of IWC, Dist 324, we are really proud and exuberant to claim that we are ready with all new hopes and hues to bring out the first issue, which is going to surely unfold the unrevealed world of most unforgettable and precious moment of IWC, Dist 324. This Newsletter also espouses the IW spirit, which is built up within members through the collective actions, thoughts and aspirations. We as women have the ultimate power to prove our strength. Let's celebrate Womanhood as a whole and inspire each other in whatever way we can.

Screen has fallen on the year 2020, which was really an year with its new kind of challenges, but it added new ideas to the Inner Wheel activities.

As the theme of this year goes," PINK FIRST"- It's the flush of first love and stands for nurturing femininity. It's used as the symbolic colour of the movement to support breast cancer research, and we think of pink as an innocent, cheerful colour. Let's spread our wings to showcase every talent we have and prove together, the Theme given by our Association President Smt Saroj Katiyar.

All these, I believe will spur higher growth and enterprise among members.

Sometimes, a nice picture is more important than a long essay, a smile is communicating more than thousand words. Hence, in this Newsletter I have compiled and collaborated as much projects as per my capacity as Dist Editor. While thanking you, I want to stress the invitation to produce new ideas, which are not to be meant as long reports and/or articles, but short facts about how you are making concrete your projects, the human faces you are helping through your initiatives. Today visibility is more important than ever, and with it the way we communicate it: we want to give a special attention to the human side of our IWC, Dist-324. And now I can say that we can make it!

Thanks
